

I am an avid listener of 100.7 WKBU Utica, NY. There are times when I need to hear an encouraging word from one of the DJs or a song that they play. As a Christian there are very few stations I will listen to because of the music is played or some of the commercials. K-LOVE is a station that is family friendly and steers people in the direction of having hope. As a Christian and a concerned citizen please allow WKBU 100.7 to stay on the air. Thank you for taking the time to read my comment.
